

How to Share ReadyRosie with your families at a Parent Teacher Conference

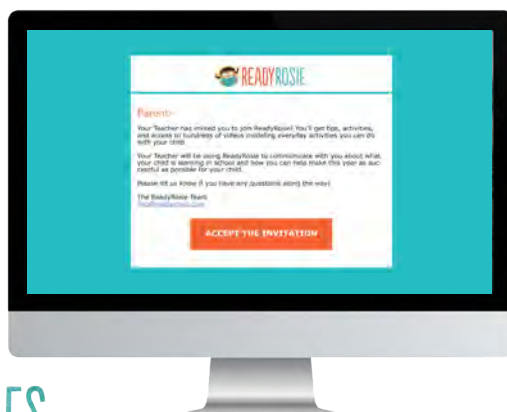

Ever had a parent ask you how they can help their child this school year? Here is how you can help families help their children this year – with ReadyRosie! You can introduce it during your Parent Teacher conferences this month. Here's how:

BEFORE THE CONFERENCE

- 1 Make sure you have **this handout**
- 2 Make sure you have a **tablet / phone** or **computer** to show a family a sample video (listed on next page)

DURING THE CONFERENCE

- 1 Explain **how** they will receive ReadyRosie:
“Because you are a Denton ISD family, you will automatically receive ReadyRosie **free** this year via email or text message. If for any reason, you choose not to receive it any longer, you can ‘unsubscribe’ at any time.”
- 2 Explain **what** ReadyRosie is:
“ReadyRosie is a family engagement tool based on the Texas Pre-K Guidelines and Kindergarten TEKS, which are the academic standards we use in the classroom. You will receive either an email or text inviting you to join ReadyRosie”

3

Show a video so they know what to expect:

“Here’s an example of the kind of videos and activities you can expect to receive:”
