

How Can Schools and Programs MEASURE and MONITOR the Impact of ReadyRosie?

Two-way Communication and Continuous Feedback Loop

Teachers can use ReadyRosie as their primary communication tool with families and gain insight on student achievement based on families' responses and feedback.

When a caregiver shares feedback in the comment section, a conversation has started. ReadyRosie facilitates content-based communication, so families and teachers are communicating about the things that most directly impact student success!

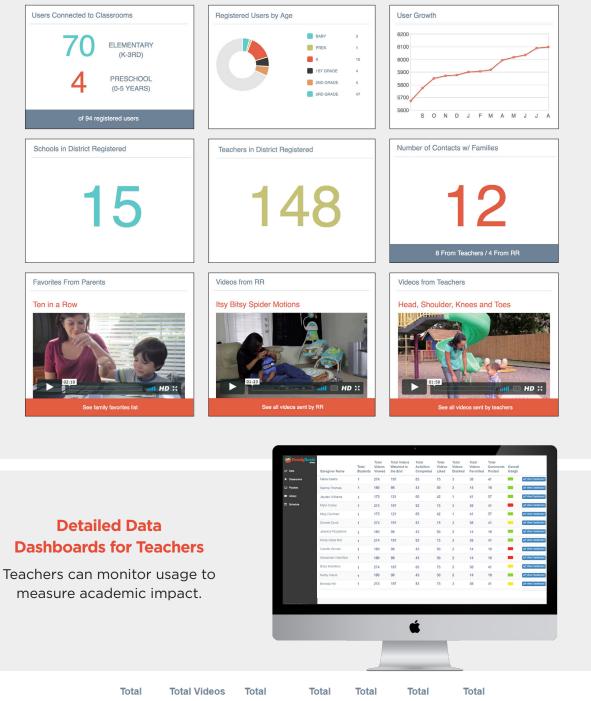

Surveys in English and Spanish to measure the impact of ReadyRosie Family Workshops
