

Ready Rosie

Summer Soar

Dear _____,

I am excited and ready to enjoy a summer of fun adventures and learning with you. Above is a picture of my dream summer.

Every week this summer, we will receive a text or email from ReadyRosie with activities that our family can do together. Here is how it works:

1. We watch the 2 minute videos together.

2. We try the activities. We did it!

3. We reflect and share what we learn.

When we complete an activity, I color in the game space on the attached Summer Soar Adventure Map. At the end of the summer, I will bring this back to school to show my new teacher our summer of learning.

Thank you for taking the time to learn and grow with me this summer!

Love,

Directions: Keep a record of your learning! Invite your child to color in the game space once you complete the activity together. Bring this to your teacher to share about your learning adventure!

ReadyRosie

Summersoar Week 1

Make this a summer of memorable adventures!

Summer is here! How can you have a FUN summer AND learn together along the way? We've got some ideas, and we're sure you have wonderful ideas of your own. Invite your child to draw or write a list of the things you would like to do and learn together!

<p>Watch the video with your child. If you don't have access to view videos, please read the description below!</p>	<p>Do the activity and mark "We did it!"</p>	<p>Reflect and share: How did it go? What did you learn?</p>
 <p>Family Adventure List Dream as a family about the adventures you hope to have this summer. Encourage each member to contribute a couple of ideas to the list. Remember that adventures don't have to cost money: visit your local park, stay up late to look at the night sky, or play a family game!</p>	<p>We Did it!</p> <input data-bbox="932 1266 1006 1344" type="checkbox"/>	
 <p>Building a Fort Work together as a family to design and build a fort with pillows, blankets, and chairs. Enjoy reading books together in your special fort!</p>	<p>We Did it!</p> <input data-bbox="693 1266 768 1344" type="checkbox"/>	
 <p>Guess Who In this guessing game, one player thinks of an animal (or any other category). The other players ask thoughtful questions to see how quickly they can guess what the first player is thinking about.</p>	<p>We Did it!</p> <input data-bbox="449 1266 524 1344" type="checkbox"/>	

Invite your child to color in the game spaces for each of this week's activities once you've completed them together.

ReadyRosie

Summersoar Week 2

Playing well with others is a winning combination!

Whether your child has a sibling, cousin, neighbor, or friend, there will always be a chance to practice working together to solve a problem. This week, we've got several examples of ways to turn everyday problems into opportunities for learning empathy and collaboration. See how your family can create a win-win for everyone!

<p>Watch the video with your child. If you don't have access to view videos, please read the description below!</p>	<p>Do the activity and mark "We did it!"</p>	<p>Reflect and share: How did it go? What did you learn?</p>
 <p>Super Kindness Talk as a family about what it means to be kind. Come up with specific acts of kindness you can do. Make up a family "super kind" gesture that you can use to silently acknowledge and celebrate when you see one another being kind.</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	
 <p>Problem Solving Tool: Rock, Paper, Scissors Encourage children to play "Rock, Paper, Scissors" to settle conflicts. At the same moment, each person makes the sign for rock, paper, or scissors. Scissors cuts the paper. Paper wraps the rock. Rock smashes the scissors.</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	
 <p>How can I stop my kids from fighting? Children are going to fight and tease one another. Use conflict to teach the life skill of using words to communicate how they feel and what they need.</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	

Invite your child to color in the game spaces for each of this week's activities once you've completed them together.

ReadyRosie

SummerSoar Week 3

Captivate your child's imagination with stories and books!

Want to captivate your child's attention? Tell a STORY! Share a funny story from your own childhood or a special memory about your child. Head to your local library and find some books with stories that interest you both. Make time for telling stories and enjoying books. You will expand your child's imagination and vocabulary and create a magical summer to remember!

<p>Watch the video with your child. If you don't have access to view videos, please read the description below!</p>	<p>Do the activity and mark "We did it!"</p>	<p>Reflect and share: How did it go? What did you learn?</p>
 <p>Daily Reading Routines Share the joy of reading together by helping your child create a reading routine at home.</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	<p></p>
 <p>Library Visit Visit your local library. Ask the librarian to show you what is available for your family to use and enjoy.</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	<p></p>
 <p>Family Interview Learn about your family stories. Interview a family member. Ask questions and listen closely.</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	<p></p>

Invite your child to color in the game spaces for each of this week's activities once you've completed them together.

ReadyRosie

Summersoar Week 4

Move, Play, Learn!

Physical activities such as running, throwing, jumping, and climbing help your child develop gross (large) motor skills in the arm, leg, and trunk muscles. When children have plenty of time to playfully MOVE, they are better able to listen, concentrate, and release stress. This week's activities are so fun that you will find it hard not to move too!

Watch the video with your child. If you don't have access to view videos, please read the description below!		Do the activity and mark "We did it!"	Reflect and share: How did it go? What did you learn?
	<p>Freeze Dance</p> <p>Play some favorite music for everyone to dance. Pause the music. Everyone freezes in place! Start the music back up and keep dancing until it stops again!</p>	<input type="checkbox"/> We Did it!	
	<p>Red Light Purple Light Challenge</p> <p>This game is a version of "Red Light, Green Light." When the leader says, "Green light," players hop on one foot towards the leader. When the leader says, "Red light," players must stop immediately. Make the game more challenging by mixing up the directions and doing the opposite. Make it even more challenging by changing the colors to blue and purple!</p>	<input type="checkbox"/> We Did it!	
	<p>Family Sensory Walk</p> <p>Take a walk together and use your senses to explore nature. What do you see? Smell? Hear? Feel?</p>	<input type="checkbox"/> We Did it!	

Invite your child to color in the game spaces for each of this week's activities once you've completed them together.

ReadyRosie

Summersoar Week 5

Be creative this week! Your brain and heart will thank you!

Did you know that creative drawing reduces stress, improves memory, and strengthens observation skills? Why not try creating something with your child this week? Remember that creating is more about the process than the final result. There are no grades, so try one of these fun games and enjoy some laughs while exploring your artistic side with your child!

Watch the video with your child. If you don't have access to view videos, please read the description below!

	<p>Drawing Telephone Game</p> <p>Give each player a paper divided into three sections. Each player draws the head of a funny creature in the top section. Players turn the paper over to just reveal the middle section and pass the paper around the circle. The next person draws the body of a creature and then turns the paper to reveal just the bottom portion. Pass the papers again. The last person draws feet for the creature. Pass the paper back to the original owner and open up to reveal your funny creatures!</p>	<p>Do the activity and mark "We did it!"</p> <p><input type="checkbox"/></p> <p>We Did it!</p>	<p>Reflect and share: How did it go? What did you learn?</p> <p></p>
	<p>Create a Crazy Character</p> <p>Using playdough, create a fun character. Brainstorm a funny story about the character. Who is it? Where does he live? What does she eat? Draw or write down your story to share with a friend or family member!</p>	<p>We Did it!</p> <p><input type="checkbox"/></p>	<p></p>
	<p>20 Questions Draw</p> <p>One player draws a picture of an object. The other players ask yes/no questions to determine what it is. Draw a tally mark for each correct and incorrect question. See how quickly you can guess the right answer!</p>	<p>We Did it!</p> <p><input type="checkbox"/></p>	<p></p>

Invite your child to color in the game spaces for each of this week's activities once you've completed them together.

Summersoar Week 6

Take learning with you wherever you go!

Time in the car, bus, train, or plane can be special, but it can also be stressful! No worries! We've got simple ideas that don't require any materials for you to take advantage of those moments together.

<p>Watch the video with your child. If you don't have access to view videos, please read the description below!</p>	<p>Do the activity and mark "We did it!"</p>	<p>Reflect and share: How did it go? What did you learn?</p>
 <p>I Went to the Zoo and Saw Starting with A, work through the alphabet taking turns saying the name of an animal whose name starts with each letter. For example: "I went to the zoo and saw an alligator. I went to the zoo and saw an alligator and a bear..."</p>	<p>We Did it!</p> <input data-bbox="922 1266 998 1344" type="checkbox"/>	
 <p>Secret Family Pattern One person makes a sound or movement. The next person repeats it and adds one more movement. The third person repeats both in order and adds his or her own. Play continues in this way. See how far your family can add to and remember this fun pattern!</p>	<p>We Did it!</p> <input data-bbox="673 1266 750 1344" type="checkbox"/>	
 <p>Books on the Go Take books with you wherever you go. This encourages your child to make a habit of using downtime to enjoy a book!</p>	<p>We Did it!</p> <input data-bbox="435 1266 511 1344" type="checkbox"/>	

Invite your child to color in the game spaces for each of this week's activities once you've completed them together.

ReadyRosie

SummerSoar Week 7

Get ready for GAME time!

Take advantage of the long summer days to play games as a family. So many skills are developed like taking turns, managing emotions when winning or losing, language skills, math skills, etc. But, that's not the main reason to play! Play these games because they're FUN, and who can't use some more laughs in the day?

Watch the video with your child. If you don't have access to view videos, please read the description below!		Do the activity and mark "We did it!"	Reflect and share: How did it go? What did you learn?
	Ten in a Row Deal ten cards to each player. Each player lays the cards in two rows of five cards facing down. Remaining cards go in the draw pile. Players take turns drawing cards and laying them in the correct position first through tenth. The card that was in the place face down is flipped over and put in its correct place unless that place is already taken. If so, the card is placed into the trash pile. King cards are Wild and can represent any number. Winner is the first person to have all cards facing up in number order!	<input type="checkbox"/> We Did it!	
	Subtraction War Each player gets two cards. Players find the differences between their two cards by subtracting the smaller number from the larger number. The player with the smallest difference is the winner of that round.	<input type="checkbox"/> We Did it!	
	Noun Charades Play charades using nouns and find the answers through descriptions, word connections, and actions!	<input type="checkbox"/> We Did it!	

Invite your child to color in the game spaces for each of this week's activities once you've completed them together.

ReadyRosie

Summersoar Week 8

Cook up some fun in your kitchen this week!

There's a place in your home that's the perfect lab for experimenting with literacy, math, science, and social skills. Where? It's your KITCHEN! Whether you are reading a recipe, measuring ingredients, or just sharing stories about your day as you wash the dishes, the kitchen is a wonderful place for creating rituals and routines that strengthen your family.

<p>Watch the video with your child. If you don't have access to view videos, please read the description below!</p>	<p>Do the activity and mark "We did it!"</p>	<p>Reflect and share: How did it go? What did you learn?</p>	
	<p>Making Playdough Together Making playdough together is a fun way to follow a recipe and support math skills at home. Use the attached recipe or a recipe of your own.</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	<p></p>
	<p>Reading Recipes Read a recipe together. Talk about the different parts like the ingredients and step by step directions. Invite children to help with tasks like measuring and stirring!</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	<p></p>
	<p>Double the Recipe Take your cooking skills to the next level by preparing for a crowd! Talk with your child about how to double or triple the recipe. This is the perfect opportunity to see fractions used in the real world!</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	<p></p>

Invite your child to color in the game spaces for each of this week's activities once you've completed them together.

Summersoar Week 9

What has been your favorite summer memory? Write it down!

How will your family remember this summer? Take some time to talk about your favorite summer memories and write them down together. Check out these ways for your child to create a written record of this summer that can be enjoyed both now and in the future!

Watch the video with your child. If you don't have access to view videos, please read the description below!	Do the activity and mark "We did it!"	Reflect and share: How did it go? What did you learn?
 <p>Family Journaling Keep a record to remember your family adventures. Encourage your children to draw or write about special (and everyday) summer moments!</p>	<input type="checkbox"/> We Did it!	
 <p>Picture Talk Talk about what is happening in your family pictures. Have fun writing speech bubbles to show the real or imaginary conversations!</p>	<input type="checkbox"/> We Did it!	
 <p>My Family Comic Strip Create a family comic strip together. Add your family members as the characters. Use speech bubbles to show your funny dialogue!</p>	<input type="checkbox"/> We Did it!	

Invite your child to color in the game spaces for each of this week's activities once you've completed them together.

Summersoar Week 10

“Back to school” season is here, and you need a plan!

The start of school can be a big adjustment for families: waking up earlier, getting dressed for school, packing the backpack, etc. Having a plan can make for a happier, healthier time for everyone. Check out these simple ways to make routines part of your family’s plan for a great “back to school” season!

<p>Watch the video with your child. If you don't have access to view videos, please read the description below!</p>	<p>Do the activity and mark “We did it!”</p>	<p>Reflect and share: How did it go? What did you learn?</p>
 <p>Race To Be Ready Make a game of getting ready! Set a timer and go through your morning routine. Do it again and see if you can beat your time!</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	<p></p>
 <p>Routine Strategy: Routine Chart Make a family routine chart and post it in a place where everyone can see it and use it. Use pictures to help children that can't read to still follow along!</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	<p></p>
 <p>Routine Strategy: Transition Timer Help your child transition to the next activity by using a timer. First, tell your child how many minutes you have until the next activity. Set the timer for the number of minutes. Let the timer be the reminder that your child needs to transition to the next activity.</p>	<p><input type="checkbox"/></p> <p>We Did it!</p>	<p></p>

Invite your child to color in the game spaces for each of this week’s activities once you’ve completed them together.

elementary

Microwave Directions:

1. Put all ingredients in a microwave-safe bowl.
2. Stir ingredients until smooth.
3. Put bowl in the microwave and cook mixture for 30 seconds. Remove from microwave and stir again.
4. Repeat until it forms a ball. It may take up to three or four minutes.
5. Allow to cool and then knead with hands until smooth.
6. Store in an airtight container when not in use.

Stovetop Directions:

1. Mix all ingredients in a small saucepan.
2. Stir ingredients until smooth.
3. Cook on low heat until it forms a ball and playdough texture.
4. Allow to cool and then knead with hands until smooth. (If playdough is too sticky you can roll it in a small pile of flour until it has a smooth playdough texture.)
5. Store in an airtight container when not in use.

When cooking with children, the adult needs to supervise the use of the microwave and the stirring portion of the recipe.

Because playdough is not edible, it is not recommended for children under 2 years of age. Supervise young children while playing with playdough.

Ingredients:

1 cup Flour

1/4 cup Salt

3 tsp of vinegar
or lemon juice

3 tbsp of vegetable oil

1/2 cup of water

Food coloring
(optional)
